

St. Joseph Orphanage

The website is developed to display the actual working of an orphanage as follows

- 1) To display various events that are organized for the orphans and raise funds.
- 2) To display all the requirements of the orphanage so that the donator can donate as per the requirements.
- 3) Registration of Volunteers that may help in orphanage work.

Functionalities that I have added :

I have used bootstrap to make the website responsive.

I have used 'Carousel' to display the images of the orphans.

I have used modal functionality to view more details about various events.

I have also used scroll functionality.

I have used search functionality using ajax referring to the code taught in the lab.

I have also used slide up and slide down functionality of jquery.

This is the home page:

Page 2:

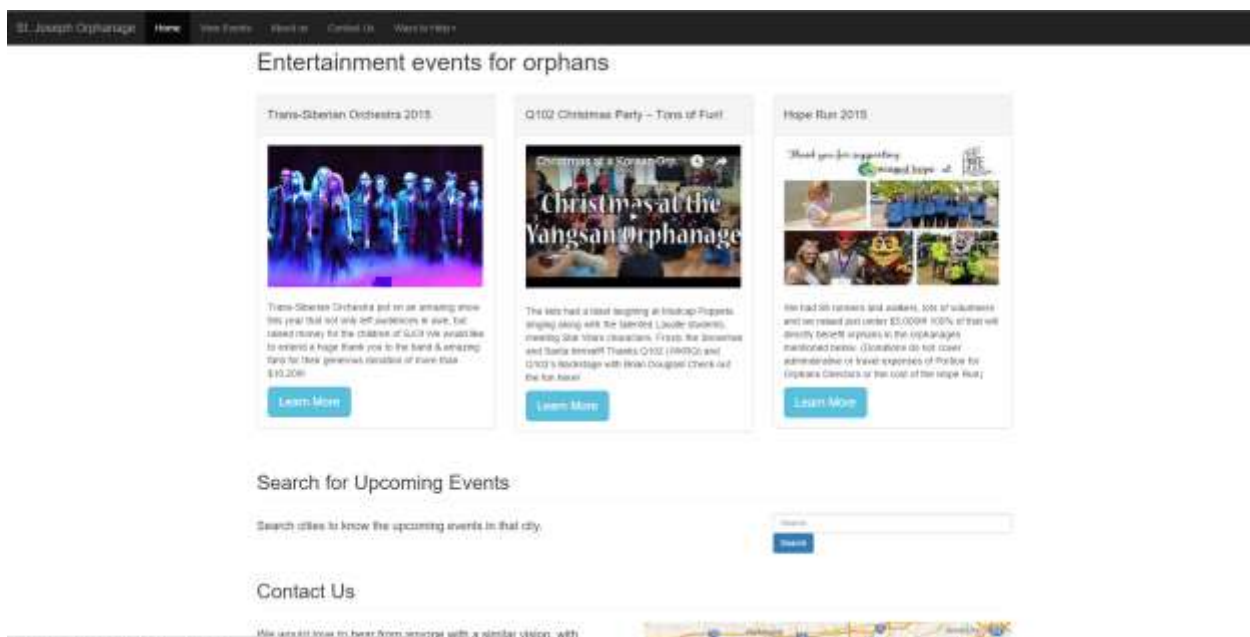

On clicking on 'About Us', it will direct to the 'About us' section

In this section, I have used scroll functionality so that the whole content is viewed. Also, I have used modal functionality, which will display details of the staff when clicked on 'View Details'.

Page 3:

When clicked on 'View Events' or slided below, we will see all the events that happened or that will be happening in the orphanage.

In 'Learn More' I have implemented modals.

Also, I have put video in the second column using iframe.

I have also implemented 'Search' functionality for which I have used ajax, where the user can search cities where the events would be happening and the details of the venue would be displayed in section after clicking on search button as follows. For this I have used 'slide-down'. For search functionality I have referred lab sections.

These who help a child help humanity with an enthusiasm which no other race given to human creature in any other stage of human life can possibly give again. The real joy of life is in its play. Play is plaything which has the joy and fun of doing it, apart from any profit, independence, or sense of duty. It is the real living of life with the freedom of freedom and self-expression. Play is the business of childhood, and its continuation in later years is the prerogative of youth.

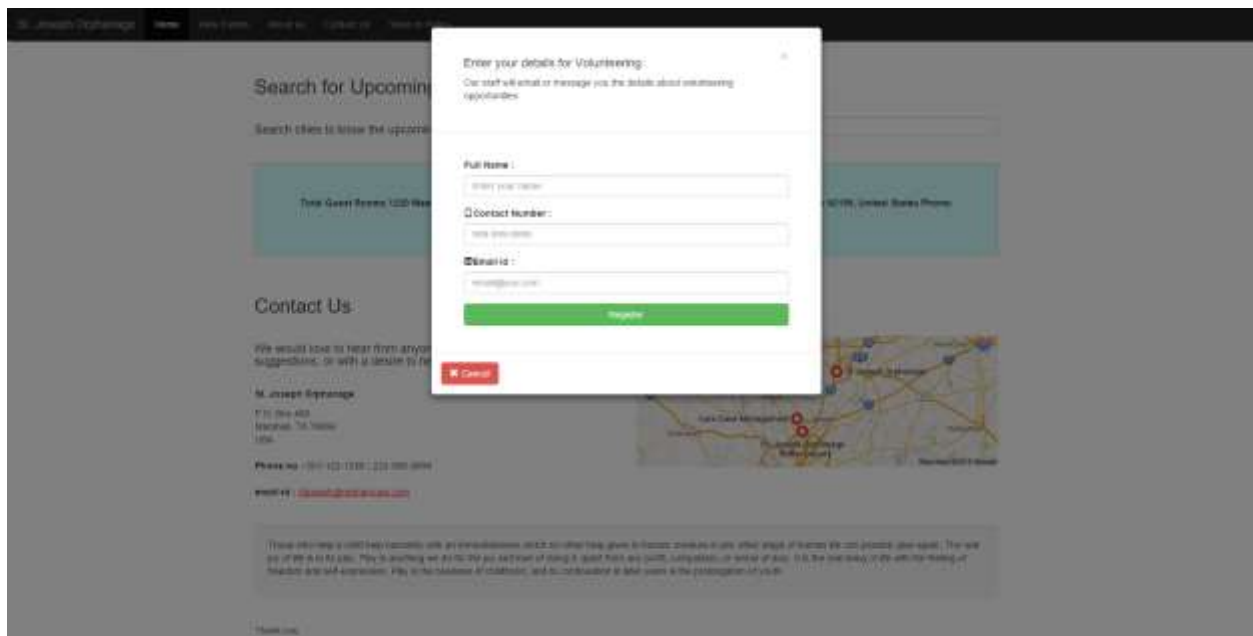

Thank you.

Now, in the 'Ways to help' section, there's a drop down which contains two links

- a) Volunteering
- b) View Requirements

In Volunteering,

In this section I have used modal where the interested candidates for volunteering may fill in his details and submit.

In View requirements section, it will display the requirements of the orphanage.
